Scenario Writers Of
District Form
An Inquest
Club

The Washington Inquest Club has been formed, and photo plays and authors of the city have been invited to join. The first meeting was held last Friday evening in the apartments of Oswald Camp, the Savoy, 2304 Fourteenth street, and the burden of the work of bringing the authors together fell upon Mr. Camp and William Bartholomew, the latter being the photoplaywright who first suggested the formation of the club to the Photo Play Editor of The Times. The response that was met by the invitation printed in this column was very satisfactory to those interested in the club. There were twelve or fourteen scenario writers of the city who immediately fell in with the idea, and it is promised that a dozen or so more will join. It is understood that, in addition to the local people who will attend the meetings, efforts are to be made to secure the co-operation of Emmet Campbell Hall, Howard Chandler, and other Washingtonians who are employed in the photoplay industry as staff writers in furthering interest in the work of the club.

"Duffy's Has Kept Us Young, Mother"

What a pleasing picture is a healthy and happy old couple,—their eyes bright, brain alert and disposition amiable. It's always a pleasure to enjoy their friendship and a constant delight to be closely associated with them.

To delay the effects of old age and bring back the vivacity of youth, many medical men prescribe Duffy's Pure Malt Whiskey as a reliable stimulant. Certain it is that thousands who have reached the grand old age willingly extol

Duffy's Pure Malt Whiskey

With its prescribed advice of a "tablespoonful in water just before meals and on going to bed," it is an excellent tonic and stimulant for temperate use. Being an absolutely pure distillation of thoroughly malted grain, it prompts the stomach to healthy action, promotes digestion and assimilation of the food, enriches the blood, and brings strength and vigor to the system. It is truly a "Medicine for all Mankind"—for medicinal purposes only. Why not have a bottle in your home to guard against illness, or in cases of emergency? Better order it now—before you forget.

Moore, E. V. Crittenden, and J. Bond Smith.

An echo of the prohibition debate was heard at the regular monthly meeting of the Takoma Park Citizens' Association last night. The subject of the meeting was the prohibition of the sale of alcoholic liquors. The resolutions were presented toward the close of the meeting by J. D. Kiefer, treasurer of the association.

The resolutions recited that as there were no saloons in or within four miles of the suburb, and it being the desire of the association that a like benefit be extended to the rest of the citizens of the District of Columbia, that Congress be requested to enact a prohibition law.

W. W. Stuart, C. H. Spencer, and R. Dutton spoke vigorously for the resolutions, while H. L. Thornton opposed their adoption on the ground that there were not enough members present to warrant voting on a proposition so vital to the interests of the District.

Dr. D. N. Shoemaker, the association's delegate to the Federation of Citizens' Associations, was instructed to favor the following propositions at the next meeting of the federation: The movement looking toward improvement of conditions at the workhouse, the enactment of a stringent law against the carrying of concealed weapons, and prohibiting the sale of dangerous weapons in the District; the securing of an appropriation for the payment of fire and police pensions instead of paying them from fines collected as at present; electric or other transportation through Rock Creek Park; and the insurance inquiry.

M. Thornton announced that all arrangements have been made for the sale to the District of the tract of ground on P street which adjoins the Takoma School, which will be used as a playground for the pupils. Rastus—Well, Judge, if 'I'd been carrying a license number it would have busted to a thousand pieces.—Puck.
